BOP PARTNERSHIP WITH AUI ENERGY CONSULTING

MEMBERS SAVE \$\$\$ ON ENERGY COSTS

"AUI has been our reliable advisor serving our natural gas energy needs for nearly two decades! Their steady performance and guidance has earned our loyalty in this highly competitive marketplace."

Bill Covaleski, Brewmaster & President, Victory Brewing Company

Dear Brewers of Pennsylvania,

As Associate Members of the BOP since 2011, we sincerely look forward to doing all we can to support and help the BOP & individual members reach their goals. Energy prices are volatile and commercial energy users are the most vulnerable to market price volatility as changes in energy prices can result in significant financial repercussions. AUI Energy Consulting has been providing energy savings solutions since 1990. Many of our customers have been with us for over 20 years! AUI Energy provides the customized attention, service and support you need to navigate today's unpredictable energy market.

Let us perform a review of your current energy costs to determine potential savings.

The BOP/AUI Member Rewards Program:

- Equitable Area: A **member of the BOP recently fixed a 19% savings** under the utility!
- PECO Area: A **member of the BOP saved 21% last month on electric** & has consistently saved 15-25% on Natural Gas vs. the utility company.
- PGW 15% savings plan under the utility.

Sizable savings can also be secured in PPL, UGI Utilities, Duquesne Light, etc. regions.

Simply email or fax a complete copy of your current energy bill(s) and we will contact you within 24 hours!

Cheers,

AUI Energy Consulting: "We Give BOP Members the Power to Save!"
